Principal: Bayside Campus

Dear **Academy Families**,

Linda Keppel
Associate Principal

Divine Wisdom prides itself in being one **Academy** spanning two campuses. Teachers plan and teach together, students learn together. During the course of the school year classes will be convening at both campuses. These instructional experiences will allow the children attending the Bayside and Douglaston campuses to collaborate, study and work together.

Miriam Bonici
Associate Principal

Periodically your child's teacher will take the class to the other campus to work on a project, use the gym facilities, or complete a culminating unit assignment. Signing and returning this permission slip will allow your child to participate in these local bus trips to the other campus.
