

# Academy Happenings

*Week of February 13, 2023*

*Sparking Minds, Enriching Souls, Inspiring Futures*

**MATH**

**FACTS**

Practicing math facts with your child is key in building foundational skills. K-2 students should master addition and subtraction facts so that they are not relying on counting with their fingers by the time they end second grade. Students in grades 3 and 4 must have all multiplication tables **memorized** by the end of 4<sup>th</sup> grade. Flash cards are an easy way of practicing math facts nightly. Without the necessary foundational skills students struggle with harder concepts. **MATH AND SUCCESS ADD UP!**

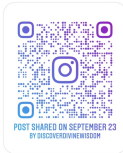

- Feb. 14- Student Council Valentine's Day Bake Sale K-8 lunch periods
