Sparkling Minds, Enriching Souls, Inspiring Futures

Found Being Incredible!

Each Monday a different positive character trait is introduced and discussed in the classrooms. Students in grades 1-8 have been receiving FBI tickets for exhibiting these positive traits throughout the day. Today in Church I asked students who have received them to raise their hands and it is wonderful to how many are making good choices in the classrooms. We ask that you speak to your children about their behavior during the lunch periods as it is a struggle to get their attention.
