

# Academy Happenings

*Week of December 18, 2023*

*Sparking Minds, Enriching Souls, Inspiring Futures*

**FOCUS** - We can all agree that we want our students to achieve their personal best academically and it is difficult to concentrate with Christmas right around the corner; we are noticing that behavior, attitude towards work and the ability to focus can all use some improvement. There is still a lot of learning to do and we need your help to ensure that students understand how important it is to do their part. All students should be reading every night, completing homework, reviewing notes and trying their best each and every day. Please have a conversation with your child about what he or she can be doing to keep focused and do their best each and every day!
