

WISDOM WEEKLY

Week of September 30, 2024

Sparking Minds, Enriching Souls, Inspiring Futures

The Importance of Being on Time for School

September ends tomorrow, we will be sending out messages to the families of students who have excessive lateness for the month. It is very important that students arrive by 8:00 am each day. Students that arrive late are anxious about getting settled and what they missed. Please plan your travel time accordingly so that your child is in class for prayers and pledge. Students in grades 5-8 with more than three latenesses are required to serve after school detention.
