

Pre-K Newsletter

Week of May 6th – May 10th

Special Announcements:

Please return all kindergarten option papers **as soon as possible** if you have not done so already.

Be on the lookout for information about our last field trip for Pre-K on Wednesday, June 12th.

Save the date!

Our End of Year Celebration and last day of school will be on Thursday June 20th. More information to follow.

This week we wrapped up our Plant unit by reading *The Vegetables We Eat*. We discussed the difference between a vegetable and a fruit. The children sorted out the fruits and vegetables in our Dramatic play area.

We took a nature walk outside in search of different kinds of plants. The children found various types of flowers and plants. They even tried to find fruit and vegetable plants!

In our Art Center, the children used their fine motor skills to stamp out pictures of flowers using various kinds of materials.

In our Science Center, we observed a lettuce head in water to see if it would regrow its leaves. We are still watching!

Next week, we will be starting our new unit on Babies. We will be focusing on what babies need.

Reminders:

- Please ensure your child's sweaters and jackets are labeled with their name.
- Please remember to return a new set of spare clothes.
- Please note gym is on Mondays – your child should be wearing sneakers.

Events and Birthdays:
