

Pre-K Newsletter

Week of

May 27th – 31st

Special Announcements:

Please return all field trip consent forms for our June 12th in house trip as soon as possible.

Save the date!

Our End of Year Celebration and last day of school will be on Thursday June 20th.

Please remember to return the RSVP by June 7th to help us plan the event.

This week, we read the book *Over in the Meadow* by Ezra Jack Keats. We discovered that a meadow is a habitat with many different types homes where various living things can live.

In the Block Center the children had an opportunity to create these different type of habitats (pond, tree, and so on).

We also focused on what types of animals hatch from an egg. The children brainstormed a list of animals. Then in the Art Center they got to make eggs by winding starch covered yarn around balloons. Once the eggs were dried, the children created various types of animals that could hatch from an egg.

In the Science Center the children continued their science journals by documenting the animal that they chose to hatch from their egg, as well any other animal that caught their interest.

Next week, we will be focusing on how babies change as they grow up.

Reminders:

- Please remember to return the field trip consent form.
- Pre-K starts at 8:00am. Please make every effort to be on time to join the first activities of the day.

Events and Birthdays:
