We had a great first week of school! Over the first few days we have watched students learn and actively participate in our daily routines.

We read a book about feelings and discussed our feelings during our first few days of school, as well as some of our special skills and interests!

Students are slowly being introduced to our learning centers. This week in the Art Center, students learned how to use a glue stick while creating free art with collage materials including paper scraps and foam pieces.

As a whole group we brainstormed ideas for classroom rules that will help keep us safe at school! Our rules included being kind, listening to friends and teachers, and keeping our bodies calm inside the classroom. We wrote a list and all agreed to practice the rules so we can have a fun and successful year in 3K!

Next week we will continue to learn our daily routines. We will also be practicing on talking about our feelings throughout the school day.
