

April 1, 2022

Dear 3K Families,

This week we learned all about how our bodies move. Next week we will finish our unit on Moving by focusing on how we move through the city. You can support this by observing what vehicles or transportation moves throughout the city, such as buses, trains, cars, and so on. You can have your child take a ride on a bus or train to experience how they can move throughout the city. Please take a photograph of your child's experience and write down your child's dictations to share with the class. Have fun!

We can't wait to see and hear what the children have to share!

Ms. De Nardo and Mrs. Cannella
