

What We Learned:

Reading and Writing: This week we continued our poetry unit. Our poem for this week was a color poem. Students got the opportunity to write a poem about their favorite colors!

Science: Class 1-2 is absolutely loving our engineering unit. We have been doing different centers everyday where students get to create and design with different materials.

Math: We continued to work on chapter 10. The students have been doing great at practicing their different strategies!

Religion: This week we covered the story of Easter. We told the story of Easter and its importance to us.

Week of April 11th

Reminders:

- Covid tests are being sent home with every student.
- ENJOY YOUR BREAK!

Dear First Grade Families,

This was such a fun week in class 1-2! The students are so excited for easter they're practically hopping out of their seats! I hope everyone has a wonderful break! HAPPY EASTER!

- Miss Fitzgerald
