

## What We Learned:

**Reading and Writing:** This week we continued our poetry unit. We worked on cinquain poems. This focuses on using the different parts of speech to describe one topic. Students chose a topic and picked nouns, verbs and adjectives to go along with it!

**Science:** This week students had the opportunity to build boats out of tin foil! They were very excited to test out their own designs!

**Math:** This week we finished chapter 10 and will be moving on to chapter 11. Students will be learning how to subtract two digit numbers.

**Religion:** This week we discussed the sacrament of baptism. Please feel free to send in photographs from your child's baptism (write their name on the back).

Week of April 25th

## Reminders:

- Practice tying shoes
- Practice zipping jackets
- Empty folders nightly

## Dear First Grade Families,

I hope you enjoyed your break! The kids were so excited to continue our poetry and engineering units! Next month we will be working on plant/animal adaptations and informational writing.

- Miss Fitzgerald
