Dear Pre-K Families,

Following on from our animal baby studies, next week we will be exploring the needs and characteristics of human babies.

We will also be exploring different lullabies. A lullaby is a quiet and relaxing song that is often played for babies or young children. In some families and cultures, families sing lullabies to share knowledge and traditions. We invite you to share your own favorite lullabies with our class by first recording your singing and then uploading it to Google Classroom, or by sharing a recording of someone else singing. You could even simply write down or type the words and share in the same way on Google Classroom.

We can't wait to hear your favorite lullabies.

Thank you for your continued support.
