Dear 3K Families,

Next week we will be continuing our unit on Growing by focusing on things that grow. You can support this by having your child plant seeds either from a packet or from the seeds that they find when they eat a piece of fruit. You can ask your child questions, such as what do you think will grow from this seed? How do you think it grows? How can we help the seed to grow? You can write down your child's dictations on what they say. They may provide pictures of themselves planting their seeds and keep us updated as their seed grows. Have fun!

We can't wait to see and hear what the children have to share!

Ms. De Nardo and Mrs. Cannella
