

May 6th, 2022

Dear Pre-K Families,

Next week we will be exploring a variety of baby animals! We would like to encourage you and your child to begin this investigation at home. We suggest choosing one baby animal to be the focus of this investigation. You may use the internet, library books, magazines, or any other resource to learn more about the baby animal of your child's choice. Next, have your child write, dictate, and draw pictures about the new baby animal facts he or she learned.

Please limit your child's work to one page as we will be using your child's work to create a class book about baby animals! You can submit your child's work via Google Classroom by Friday, May 13th to be included in the class book.

Thank you for helping our Pre-K friends learn about baby animals!

Mrs. Blanco and Mrs. Buscemi
