Dear 3K Families,

Now that we are fully into the season of Spring, the children have been observing the flowers that are growing around our playground. You can support this observation by going on a Flower Scavenger Hunt around your neighborhood. Your child can make a picture of the different types of flowers that they find or provide photographs of them. Challenge your child to count how many kinds of flowers, or how many red, blue, or any other color flowers that they see. You can write down your child's dictations on what they have discovered. Have fun!

We can't wait to see and hear what the children have to share!

Ms. De Nardo and Mrs. Cannella
