

What We Learned:

Reading and Writing: This week we worked on writing facts we learned about plants!

Science: This week we introduced our new science unit plant/animal adaptations. This week we talked about different parts of plants and what they need to survive.

Math: This week we started chapter 11 subtracting two digit numbers. So far students have been doing really well with this topic!

Religion: Since it is the first week of May we had mass on Friday. We went over our behavior expectations for mass. Please continue the conversation at home about proper church behavior.

Week of May 2nd

Reminders:

- Sign up for hoops for heart!
- Empty folders nightly
- Practice prayers and the pledge
- Practice tying shoes and zipping jackets

Dear First Grade Families,

I hope everyone had a wonderful week! We are very excited to be starting our new unit in science! Thank you to those who donated supplies to the classroom it was greatly appreciated. A big thank you for making my first teacher appreciation week so special! This week we had a discussion on what respect means and how it is important to respect our school, our teacher, our friends and our families.

Please continue this discussion at home!

- Miss Fitzgerald
