

May 27th, 2022

Dear Pre-K Families,

Next week we will discuss all the ways babies grow and change as they get older. We will build connections to our unit by exploring our own personal growth from baby to toddler to child. Please fill in the information below to help us practice measuring and math skills related to our growth.

Thank you for supporting our learning!

Mrs. Blanco & Mrs. Buscemi

Child's Name: _____

Length at birth: _____

Current height: _____
