Dear 3K Families,

This week we continued our unit on Change by focusing on things that change. We reviewed how things change, such as seasons, the weather, and our day. You can support this by having your child draw a picture of things that they like to do in 2 different seasons, such as winter and summer. Ask your child questions, such as what do you like to do in that season? Are both seasons the same? If so, then how? If not, then why not? What are some things that are different? Tell me about it. You can write down your child's dictations on what they say. Have fun!

We can't wait to see and hear what the children have to share!

Ms. De Nardo and Mrs. Cannella
