

June 3rd, 2022

Dear Pre-K Families,

This week we have been exploring how people change as they grow from babies to children. Our discussions and activities focused on physical changes, as well as new skills we have learned as we grow.

Please take a few minutes to talk about these changes with your child at home and choose two to four special events or milestones that your child would like to share. On a piece of paper, please create a *timeline* of these events to share with the class. You may explain that a timeline helps us put things in order from what happens first (being a baby) to last (4-5 years old).

Your timeline can include the date and description of the event (as dictated by your child), as well as photographs or drawings (illustrated by your child). Some examples include the day your child was born, when he or she took first steps, a special family event or vacation, or the day you brought home a new sibling. These events should be special to your child as we will be sharing the timeline with our friends.

Please return your timeline to school by Friday, June 10th.

Thank you for your participation!
Mrs. Blanco and Mrs. Buscemi
