

Problem-Solution Text Structure Map

Name: _____ Date: _____

This is a graphic organizer to help you display and organize important features from a text that is about a problem and solution. A writer uses a **problem-solution** text structure when writing this type of piece.

Fill out each section using information from the text to map the important elements.

<p>Problem:</p> <p><i>Be brief and use your own words!</i></p>	<p>Significance of the problem:</p> <p><i>Why is the problem important? How is it causing harm? In other words, why do we care about the problem?</i></p>
<p>Solution(s) for problem:</p> <p><i>How can this problem be fixed or helped?</i></p> <p>1.</p> <p>2.</p>	<p>Rationale for solutions:</p> <p><i>How does the solution work? Why will it be effective?</i></p> <p>1.</p> <p>2.</p>
